Subject: River Bend Station - Unit 1
Docket No. 50-458
Proposed Amendment To The River Bend Station Operating License:
RBS Physical Security Plan Change Submitted in Accordance with
10CFR50.90

File No.: G9 5, G12.23.4.1

RBEXEC-95-082
RBF1-95-0072
RBG-41259

Gentlemen:

Entergy Operations, Inc. hereby submits pursuant 10CFR50.90, an amendment to the River Bend Station (RBS) Unit 1 Facility Operating License NPF-47. RBS is submitting this 10CFR50.90 change to request an exception to the Physical Security Plan as it relates to vital island requirements.

Entergy Operations has evaluated the change in accordance with the requirements of 10CFR50.54(p). As discussed in the attached, we have determined that this change should be processed under the provisions of 10CFR50.90. We have evaluated the proposed change using the criteria in 10CFR50.92(c) and determined that the change involves no significant hazards considerations. The basis for the determination is also attached.

The attached material describes current and proposed security measures; therefore, Entergy Operations has determined that the attached documentation contains safeguards information as specified by 10CFR73.21. The attached documentation should therefore be handled appropriately.

This change has been discussed with Mr. Tom Dexter of the NRC staff.

Should you have any questions regarding the attached, please contact Ms. Jewel Summers at (504) 336-6345.

Sincerely,

JRM/js
