(2) CPCo letter, J W Cook to J G Keppler, dated December 10,  
1982, Inspection Report No. 50-329/82-21 and 50-330/82-21

This letter provides a supplement to our response to Reference 1, as given in  
Reference 2.

Reference 2 stated in the Response, Part 1 that distribution of controlled  
copies of PQCI's was proceduralized by QC Administrative Instructions Nos. 601  
(for soils) and 602 (for balance of plant). With the integration of QC into  
MPQAD and the subsequent revision to procedures, the requirements for dist-  
ribution of all controlled documents issued by MPQAD (including PQCI's) are  
given in MPQAD Procedure F-11M.

Reference 2 also stated that further revisions to the document control program  
would include centralization of document control for Soils QA and QC, expected  
to be completed by February 1, 1983. One single document control area was  
established for MPQAD-Soils in January, 1983.
