In the Matter of
Philadelphia Electric Company
(Limerick Generating Station, Units 1 and 2)
Docket Nos. 50-352 and 50-353 OL

Gentlemen:

In conjunction with its testimony regarding severe accidents, Applicant is transmitting a copy of its references as listed following page 54 of its testimony. Applicant intends to have its references, with the exception of No. 12, as specifically set forth in the attached Table 1, marked as exhibits; it does not presently intend that they be admitted into evidence. Note that, in some cases, an entire document is provided when only certain pages are referenced.

Applicant will request that its complete Severe Accident Risk Assessment be marked for identification as an exhibit, but will only request that the items contained in the attached Table 2, which are referenced in the testimony, be admitted into evidence.
