NORMAN J. BOWMAKER
VICE PRESIDENT
GENERAL SERVICES

May 10, 1984

Mr. Ronald C. Haynes
Regional Administrator, Region I
U. S. Nuclear Regulatory Commission
631 Park Avenue
King of Prussia, Pennsylvania 19406

Dear Mr. Haynes:

This letter is not subject to protective requirements. The attachment/enclosures are subject to Safeguards Information protection in accordance with 10CFR73.21

Subject: Calvert Cliffs Safeguards Contingency Plan (SCP) Revision 4

Enclosed is Revision #4 to the Safeguards Contingency Plan for the Calvert Cliffs Nuclear Power Plant Units 1 and 2. The changes made by this revision do not decrease the effectiveness of the plan and, therefore, are being submitted under the provisions of 10CFR50.54(P). The changes made:

- . reflect recent changes in our Security Organization
- . realign the plan into a clearer and more logical format
- . clarify the Responsibility Matrix for Event 6E

The changes in organization and format are self-explanatory. The changes to the Responsibility Matrix are explained in Attachment A.

Please insert the revised pages into your manual using the enclosed instructions and return the completed transmittal to:

Mr. Brian F. O'Connor
Baltimore Gas and Electric Company
P. O. Box 1475
Baltimore, Maryland 21203

Please note that those portions of the revised plan reflecting changes in the Security Organization and the Responsibility Matrix are effective immediately. However, there is a change included in this revision regarding weapons which was previously submitted to the NRC under

840518027B 840510
PDR ADOCK 05000317

the provisions of 10CFR50.90. This change will not become effective until we receive NRC approval, which is expected in early June. To eliminate possible confusion, we are delaying distribution of this revision to all plan holders, other than the NRC, until formal approval has been received.

Sincerely,

Norman J. Bowmaker
Vice-President, General Services
