Docket No. 50-334, License No. DPR-66
Duquesne Light Company Letter to the NRC
dated April 26, 1984 - Request for
Exemption

Gentlemen:

In regard to our request for exemption documented in our letter of April 26, 1984, additional information is being provided based on our telecons with your staff reviewers on May 8 and 14, 1984. As indicated in our letter of May 1, 1984, ten (10) municipalities in Beaver County had indicated that they would not participate in this year's scheduled exercise of June 27.

Our objective is to obtain 100% participation from the 27 municipalities in Beaver County, Pennsylvania. Our training efforts for these 27 municipalities, as summarized in our letter of May 4, 1984, is ongoing. Attached is an updated copy for your information. We have met with the Beaver County Commissioners who have agreed to support the activities of local and county governments in the scheduled exercise. Those municipalities who have indicated they will not play have been approached again, and the importance of participation has been reiterated to their elected officials. Certain municipalities will be encouraged to combine into common EOC locations if their staff personnel resources are limited on the day of the exercise. Emergency workers from these local municipalities are mainly volunteers, many of whom hold full-time jobs, creating a situation which often results in lost wages and other inconveniences as a result of their participation in these training sessions and drills.

We have obtained commitments from three (3) of these municipalities who formerly declined to participate, and three (3) additional municipalities are reconsidering their participation in the exercise. This narrows the non-participants to four (4). We will continue to actively pursue agreements with the remaining four (4) municipalities and will provide you with any changes in status regarding additional agreements.

We are proceeding as scheduled in our preparation to conduct the full-scale exercise on June 27, 1984. We appreciate your interest in this matter and will continue to actively pursue 100% participation by offsite agencies. If there are any questions concerning this matter, please contact my office.

Very truly yours,

* Municipality does not have emergency response groups (fire department police, department).

** Municipality relies on surrounding area agencies for fire and police protection.

Emergency Medical Services

Because of shift work, four (4) sessions of the Emergency Medical Training were offered. (April 10, 1984 morning and evening sessions and April 12, 1984 morning and evening sessions). The following groups attended one of the scheduled sessions:

Hanover Volunteer Fire Department	4/10/84 10:00 a.m.
Community Ambulance	4/10/84 6:30 p.m.
New Galilee Volunteer Fire Department	4/12/84 10:00 a.m.
Economy Ambulance	4/12/84 6:30 p.m.
McCabe Ambulance	
Medic Rescue	

Additional Training has been provided by the Pennsylvania Emergency Management Agency (PEMA) in the following areas:

- I Radiological Monitoring Courses (4 classes)
- II Dosimetry/Decontamination Courses (6 classes)
- III Training for Elected Officials (5 classes)
- IV Training for local coordinators (specialized)
