Subject : Shipping Window for Category II Material from the Ohio State University

Dear Ms. Bennintgton :

As per our conversation of 3 May 1995, the Ohio State University would like to formally request that a shipping window extending from 30 May 1995 through 3 June 1995 be set aside for our category II shipment. It is our understanding that we are required to give you a more detailed notification at least ten days in advance of the actual shipment.

We greatly appreciate your help in seeing this project through.

Sincerely yours,

Michael J. Davis
