Gentlemen:

SUBJECT: Decommissioning Funding for Prematurely Shutdown Power Reactors

Omaha Public Power District (OPPD) supports the proposed rule as published on August 21, 1991 (56 FR 41493) requiring the NRC to evaluate decommissioning funding plans for power reactors that shutdown prematurely on a "case-by-case" basis. The proposed rule is a flexible and equitable approach for decommissioning prematurely shutdown power reactors.

If you should have any questions, please contact me.
