Subject: Final Report of Safety Valve Operation
following a Feedwater Transient -
Dresden Unit 3 (DPR-25)

Dear Dr. Morris:

In a letter dated December 17, 1971 we informed you of an incident which had occurred at Dresden Unit 3 in which the safety valves operated following a feedwater transient. At the time the above letter was written, all of the information regarding this transient had not been evaluated and we indicated a final report would be forthcoming.

Attached, for your information, is a final report on the incident. Should you require any additional information concerning this subject, please let us know.

Very truly yours,

Byron Lee, Jr.
Assistant to the President
