From ALLEN MOSBAUGH 95 JUN -6 12:37

To George Bakhtadze 4.30-90
OFFICE OF SECRETARY
DOCKETING & SERVICE
BRANCH

I have attached the start data
for 1B Diesel Generator since
3-20-90. There are problems with
operations logs of starts as noted.
I believe that previous statements
made to the NRC regarding 1B
Diesel starts were incorrect in light
of this data. Please advise of
what action you want to take.
