March 25, 2020

Daniel J. DelGallo, Executive Director
NRRON, LLC
1st Floor
100 Haynes Street
Manchester, CT 06040

SUBJECT: NRRON, LLC, CONSENT TO TRANSFER LICENSE, MAIL CONTROL NO.
616800

Dear Mr. DelGallo:

By letter dated October 3, 2019, Agencywide Documents Access and Management System (ADAMS) Accession Number ML19298C472, NRRON, LLC requested the NRC's consent to an indirect transfer of control of NRC Materials License Number 06-31409-01. The transfer of control occurred on October 1, 2016 (letter dated March 23, 2018, ADAMS Accession No. ML18088A827) from a transaction between several parent companies. Thus, this was a request for post-hoc approval to transfer control. From these letters, we understand that this transfer did not result in a change associated with the materials, persons using licensed material, the locations, facilities, and equipment, nor the radiation safety program.

Based on the above understandings, as more fully detailed in the enclosed NRC staff's Safety Evaluation Report, which documents the NRC staff's safety review of the request, and in accordance with 10 CFR 30.34, the NRC consents to the transfer.

Future changes in the licensee's name, licensed use, licensed materials, licensed location, or persons responsible for licensed material require submission of a request to amend the license. NRC approval must be received prior to implementation of the proposed change. If you have any questions regarding this letter, please contact Shawn Seeley at 610-337-5102 or via electronic mail at shawn.seeley@nrc.gov.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS). ADAMS is accessible from the NRC Web Site at: <http://www.nrc.gov/reading-rm/adams.html>.

Thank you for your cooperation in this matter.

Sincerely,

Shawn Seeley, Health Physicist
Medical and Licensing Assistance Branch
Division of Nuclear Materials Safety
Region I
