Seismic Qualification of Equipment

REFERENCE: LP&L Letter W3P84-0319 dated 2/10/84

Dear Mr. Knighton:

The referenced letter transmitted to you a status list of the Seismic Qualification Completion Schedule. That letter noted that all outstanding SQRT files would be closed prior to fuel load. The purpose of this letter is to provide confirmation that all SQRT files have been closed. We understand that this information is adequate to close-out the issue of Seismic Qualification.

Yours very truly,
