Subject: Revision to Seabrook Station Radiological Emergency Plan

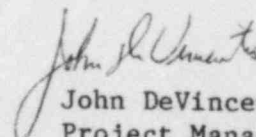

Dear Mr. Knighton:

Appendix A to the Radiological Emergency Plan describes the Emergency Classification System and Emergency Action Levels (EAL) designated for Seabrook Station. Several of the setpoint numbers for the EALs were designated to be provided at a later date pending final design calculations. These final calculations are now complete, enabling Appendix A to be finalized.

The attachment to this letter provides the updated Appendix A. This revision will be included in a future amendment to the OL application.

Very truly yours,

YANKEE ATOMIC ELECTRIC COMPANY

John DeVincentis
