Severe Accident Management Implementation
schedule for Grand Gulf Nuclear Station

GNRO-95/ 00043

Gentlemen:

In a letter dated November 21, 1994, NEI notified licensees of the approval of the "Formal Industry Position on Severe Accident Management" and requested each licensee to provide the cognizant NRC staff project manager a target date for implementation, in writing, by March 31, 1995. The purpose of this letter is to inform you that Grand Gulf Nuclear Station intends to implement the BWROG Accident Management Guidelines using Section 5 of NEI 91-04, Revision 1, within two years following the receipt of the BWROG Accident Management Guidelines. It is our understanding that we can expect to receive the BWROG product in December, 1995. Should the BWROG product be delayed, a corresponding delay should be expected in the Grand Gulf implementation schedule

Should you have any questions, please contact Wayne Russell at (601) 437-2717.

Yours truly,

CRH/WAR/amb
