Attention: Mr. Harold R. Denton, Director

Dear Mr. Denton:

SUBJECT: Grand Gulf Nuclear Station
Units 1 and 2
Docket Nos. 50-416 and 50-417
License No. NPF-13
File: 0272/0756
Request for Additional Information
- Hydrogen Control
AECM-84/0091

Reference: 1. Letter from T. N. Novak to S. H. Hobbs dated December 8, 1983
2. Letter HGN-015 from S. H. Hobbs to H. R. Denton dated February, 1984

Reference 1 contained a Request for Additional Information (RAI) regarding the Hydrogen Control Owners Group (HCOG) test program. A number of these questions, however, addressed previous submittals made by Mississippi Power & Light Company (MP&L) and not HCOG. In reference 2, S. H. Hobbs the HCOG Chairman, indicated which RAI's would be answered by HCOG and which by MP&L. MP&L endorses that breakdown and it is repeated here for clarification.
