Subject: Interim 10CFR50.55(e) Report; Cold Pulling of Pipe

Dear Sir:

On November 10, 1982, we reported a potential 10CFR50.55(e) item regarding an isolated incident of violation of UE&C Specification for Assembly and Erection of Piping and Mechanical Equipment, No. 9763-006-248-51, Paragraph 3.5.8. This initiated further investigation to determine if a potential generic problem existed.

As indicated in Reference (c), we expected to report our findings March 1, 1984.

Our review of this item has not yet been completed. We expect this work to be completed by June 1, 1984, and will report our findings at that time.

Very truly yours,

YANKEE ATOMIC ELECTRIC COMPANY

  
John DeVincentis
