**TEMPORARY CHANGE TO THE PALISADES SECURITY PLAN**

Attached are one original and three copies of a temporary change to the Palisades Security Plan which was implemented from June 16 to July 2, 1995 to support a required refueling outage project. This change was implemented while the plant was in cold shutdown.

This temporary change was discussed with the Division of Nuclear Reactor Regulation on June 14, 1995, prior to implementation.

Consumers Power Company has determined that this change did not lessen the safeguards effectiveness of the Plan. Accordingly, it is submitted under the provisions of 10 CFR 50.54(p)(2).
