Mr. D. C. Boyd, Resident Inspector
U.S. Nuclear Regulatory Commission
Directorate of Regulatory Operations
2500 Garfield Street
Two Rivers, Wisconsin 54241

Dear Mr. Boyd:

In compliance with the requirements of 10 CFR 20,
Paragraph 20.205(b)(2), the following information is forwarded:
Nuclear Fuel Services spent fuel shipping cask number 4B
received at Point Beach Nuclear Plant on March 3, 1975, was
found to be in excess of 22,000 dpm/100 cm² removable contam-
ination on the cask surface.

Very truly yours,

WISCONSIN MICHIGAN POWER COMPANY

James Greenwood

Jim Greenwood
Assistant to the Manager -
Nuclear Power Division
