DAEC Security Plan Change No. 33

File: A-53, A-100

Dear Mr. Russell:

IES Utilities Inc. has made changes to the organization of its Nuclear Division which affect the Duane Arnold Energy Center (DAEC) Security Plan. Those changes became effective June 16, 1995 and we have revised the DAEC Security Plan accordingly. The changes have been made pursuant to 10 CFR 50.54(p).

This Security Plan Change (SPC-33) has been reviewed in accordance with the requirements of 10 CFR 50.54(p). We have determined that none of the changes decreases the safeguards effectiveness of the DAEC Security Plan. A description of the changes is included in Attachment 1 and our evaluation of the changes is included in Attachment 2. The revised Security Plan is included as Attachment 3 to this letter.

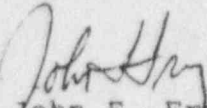

The attachments to this letter contain information of the type described in 10 CFR 73.21; therefore, they should be withheld from public disclosure.
