DOCKETED  
USNRCUNITED STATES OF AMERICA  
NUCLEAR REGULATORY COMMISSION

'84 MAR 29 P2:53

OFFICE OF SECRETARY  
DOCKETING & SERVICE  
BRANCHBefore the Atomic Safety and Licensing Board

In the Matter of )  
 )  
Philadelphia Electric Company ) Docket Nos. 50-352  
 ) 50-353  
(Limerick Generating Station, )  
Units 1 and 2) )

TRANSMITTAL OF REFERENCES AND ERRATA TO  
APPLICANT'S TESTIMONY RELATING TO  
CONTENTION I-42

As requested by the Atomic Safety and Licensing Board ("Licensing Board" or "Board") (Tr. 9271), Applicant hereby transmits to the Board the references to the Testimony of W. J. Boyer, D. J. Thompson, D. A. Kline, L. Stanley, E. F. Sproat, W. W. Bowers, T. E. Shannon and J. Doering, Relating to Contention I-42, Environmental Qualification of Electric Equipment which was transmitted to the Board on March 21, 1984.

These references, designated Discovery 34, will be made available for inspection by any party or participant during normal business days from 9:00 a.m. to 4:30 p.m. at a room near Philadelphia Electric Company's headquarters. Any party or participant wishing to examine these documents should call Edward Cullen, Esq. at 215/841-4273 at least one day in advance to make specific arrangements. Copies of

8403300127 840328  
PDR ADDCK 05000352  
G PDR

DS03

this material will be made at the prevailing commercial rate.

Also attached is the statement of Professional Qualifications of Dennis A. Klein which was inadvertently omitted from the testimony package. In addition, the following corrections should be made to the Applicant's testimony relating to Contention I-42:

1. In Applicant's Transmittal of Testimony Relating to Contention I-42, Environmental Qualification of Electrical Equipment, Item 2 should read "Environmental Qualification Report, as revised by transmittal from J.S. Kemper to A. Schwencer, (January 16 and February 16, 1984), already served on the Licensing Board and parties."
2. On page 18, the second line under "Code 3" should read: "provide cooling, lubrication, and energy"
3. On page 28, line 8, add the following after the word "containing":  
steam lines which are classified as either
4. On page 28, line 9, change "medium" to "moderate"

Respectfully submitted,

CONNER & WETTERHAHN, P.C.

PROFESSIONAL QUALIFICATIONS  
DENNIS A. KLEIN  
SENIOR ENGINEER  
BECHTEL POWER CORPORATION

My name is Dennis A. Klein. My business address is P. O. Box 3965, San Francisco, California 94119.

I attended Seattle Pacific University from 1972 to 1976 and received a B.S. degree in Physics. I received a Master of Science in Nuclear Engineering from the University of California, Berkeley, in 1977. I am a registered Professional Mechanical Engineer in the State of California.

I currently supervise the licensing group assigned to Limerick Generating Station. I have been employed by Bechtel Power Corporation since 1977. From 1977 to 1982, I worked as a mechanical design engineer on Limerick Generating Station. My assignments included development of system design criteria, preparation of design documents, preparation of FSAR sections, and coordination of various studies and programs. My assignments also included coordinating the development of environmental parameters for plant areas, and assisting in identifying the appropriate environmental requirements for electrical equipment which is important to safety.

From 1981 to present, I have supervised the Bechtel licensing group assigned to the Limerick Generating Station. The responsibilities of the licensing group include interpreting regulatory guidance and other licensing information

for project personnel, assisting in the preparation of plant design criteria, and coordinating preparation in input to the FSAR and responses to NRC questions. During this period, I was also responsible for reviewing and approving changes to the Q-List, and for supervising the engineer responsible for coordinating the development of environmental parameters for plant areas, and assisting in identifying the appropriate environmental requirements for electrical equipment which is important to safety.
