Re: Catawba Nuclear Station (Units 1 and 2)
Docket Numbers 50-413 and 50-414
Emergency Planning Contentions

Gentlemen:

Enclosed is a copy of "Applicant's Supplemental Answers To Carolina Environmental Study Group's and Palmetto Alliance's First Round Of Interrogatories" of March 29, 1984. For the most part, these supplemental responses consist of answers from North Carolina agencies involved in emergency planning. We will plan to file the corresponding State agencies' affidavits as soon as they are received.

We are enclosing a copy of the community issues survey of February 1984 which you requested. In response to your questions about methodology of this survey and the 1983 survey, we are enclosing a one-page summary of the methodology.

Sincerely yours,

Ronald V. Shearin
