Office of Nuclear Reactor Regulation
Operating Reactors Branch No. 2
Division of Licensing
U.S. Nuclear Regulatory Commission
Washington, DC 20555

Attention: Mr. D. B. Vassallo, Chief

Dear Mr. Vassallo:

Subject: Cooper Nuclear Station Second Ten-Year
Inservice Inspection Plan

In accordance with the District's commitment to our NRC Project Manager, enclosed for NRC review and approval is the Inservice Testing (IST) Plan for the next ten-year interval, including relief requests. It should be recognized that this plan continues to undergo review and is subject to change. If this plan requires modification, the appropriate revised pages will be submitted in the future.

This IST Plan will also be submitted as part of Appendix J to the USAR (as will the Inservice Inspection Plan) when Revision 2 is submitted in July, 1984. Eight copies of the plan are enclosed for your use and two copies are being provided directly to our NRC Project Manager.

Sincerely,

Jay M. Pilant
Technical Staff Manager
Nuclear Power Group
