 Unit No. 1))

AFFIDAVIT OF CARROLL M. WILCOX

COUNTY OF COFFEY)
) ss:
STATE OF KANSAS)

Carroll M. Wilcox, being duly sworn, deposes and says as follows:

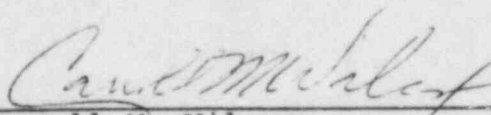

1. I, Carroll M. Wilcox, am Emergency Preparedness Coordinator of Coffey County, Kansas. My business address is Coffey County Courthouse, 6th and Neosho Streets, Burlington, Kansas 66839.

2. Subsequent to the completion of the evidentiary hearings on emergency planning issues, I became aware of an additional private school and an additional preschool in the plume exposure pathway EPZ. The purpose of this affidavit is to provide this information to the Licensing Board and the parties and to indicate that these additional potential transportation needs do not change any other testimony in the hearing.

3. The Immanuel Baptist Church Academy, located in Burlington, has seven students and one teacher and follows the same schedule as the public schools. A preschool located in the Methodist Church in LeRoy has 18 children supervised by three adults. It meets on Monday and Friday for two hours each day. Neither school provides any transportation for its children.

4. Evacuation of these two educational facilities would be handled in the same manner as the evacuation of the other four private schools and day care centers in the plume exposure pathway EPZ. In the event of an evacuation, parents would be permitted to pick up their children, but would not need to do so. As soon as the public schools have been evacuated, the next available buses from the surrounding school districts would run a route comprised of the private schools, day care centers and preschool, picking up everyone remaining there. See Applicants' Proposed Findings of Fact, dated March 20, 1984, ¶ 134. With the large number of buses available, see Applicants' Proposed Findings, ¶¶ 130, 132, the additional 25 students and four adults from the two additional facilities will easily be accommodated within the two and a half hour period contemplated for evacuating the four private schools and day care centers discussed at the evidentiary hearings.
