Docket Nos. 50-440; 50-441  
Schedule for Seismic Qualification  
and Pump & Valve Operability Audits

Dear Mr. Youngblood:

This letter confirms our telephone discussion on April 2, 1984, with members of your staff and the Equipment Qualification Branch, regarding the schedule for on-site audits by the Seismic Qualification Review Team (SQRT) and Pump and Valve Operability Review Team (PVORT).

Based on our current status, we expect to meet the installation guidelines and criteria for audit in August. We therefore, request both SQRT and PVORT audits be scheduled for the week of August 13, 1984. In support of that audit date, we will submit a master equipment list and specification status sheets by May 18, 1984.

If you have any questions, please contact us.

Very truly yours,

*E. Kaplan for M. Edelman*
