REQUEST TO ESTABLISH PUBLIC DOCUMENT ROOM AND RESCHEDULE PREHEARING CONFERENCE

NRC rules state that in fixing the time and place of any conference, including prehearing conferences, due regard shall be had for the convenience and necessity of the parties. (10 CFR Part 2, Appendix A I.(b)) Petitioner Georgians Against Nuclear Energy (GANE) requests that the Atomic Safety and Licensing Board reschedule the prehearing conference in order to allow GANE greater time to study materials in the Local Public Document Room.

The location of the Local Public Document Room in Waynesboro has limited GANE's ability to identify key issues of concern for the public health and safety. GANE requests that NRC establish a Public Document Room for Plant Vogtle at the NRC Region II headquarters in Atlanta and reschedule the prehearing conference at a date which will allow GANE to review the documents at the Atlanta PDR and file amendments to GANE's Application for Leave to Intervene based on such review.

GANE believes there is precedent for such a request involving the Beaver Valley plant in Pennsylvania.

GANE also serves notice that the address of Douglas Teper has changed to 1253 Lenox Circle, Atlanta, GA 30306.
