(C) ANPP-28588, dated January 10, 1984 (Time Extension)

Dear Sir:

The NRC was notified of a potentially reportable deficiency in
Reference (A), an Interim Report was transmitted by Reference (B), and a
Time Extension was requested by Reference (C). At that time, it was
estimated that a Final Report would be available by March 30, 1984.

Due to the extensive investigation and evaluation required, it is now
expected that this information will be finalized by May 18, 1984, at
which time a complete report will be submitted.

There is no new information or change to the Interim Report at this time.

Very truly yours,

E. E. Van Brunt, Jr.
