Dear Sir:

The NRC was notified of a potentially reportable deficiency in  
Reference (A), and an Interim Report was transmitted by Reference (B),  
and a Time Extension by Reference (C). At that time, it was estimated  
that a Final Report would be available by March 30, 1984.

Due to the extensive investigation and evaluation required, it is now  
expected that this information will be finalized by April 27, 1984, at  
which time a complete report will be submitted.

There is no new information or change to the Interim Report at this time.

Very truly yours,
