### CERTIFICATION OF LONG ISLAND LIGHTING COMPANY REGARDING SHOREHAM LICENSE TRANSFER TO LONG ISLAND POWER AUTHORITY

This certifies, pursuant to the Commission's February 26, 1992 Memorandum and Order, CLI-92-04, authorizing the immediately effective transfer of NRC license NPF-82, as amended, for the Shoreham Nuclear Power Station (the "License") from Long Island Lighting Company to the Long Island Power Authority, that LILCO will retain and maintain adequate capability and qualifications to take over the License promptly in the event that LIPA, following receipt of the License, ceases to exist or is otherwise found to be unqualified to hold the License. This also certifies that LILCO understands and accepts that in the event of either of these contingencies the License would revert to LILCO.
