King of Prussia, Pa. 19406

RE: Docket No. 50-220

Dear Mr. O'Reilly:

In accordance with Nine Mile Point Nuclear Station Unit #1 Technical Specification 6.9, we hereby submit Licensee Event Reports 75-29 and 75-30 which document the Abnormal Occurrences for October, 1975.

These reports conform to the requirements of Regulatory Guide 1.16, Revision 2 and were completed within the intent of the Licensee Event Report Instruction Booklet 00E-SS-001, dated October 1974, revised December 24, 1974. Due to the minimal significance category of the reports, no supplemental report is included.

Very truly yours,

Original signed by R.R. Schneider
