

PUBLIC MEETING ANNOUNCEMENT

Title: Meeting on Draft Interpretive Rule for VLLW Disposal Activities

Date(s) and Time(s): March 30, 2020, 12:45 PM to 03:00 PM

Location: Webinar

Category: This is a Category 3 meeting. Public participation is actively sought for this meeting to fully engage the public in a discussion of regulatory issues.

Purpose: Solicit stakeholder feedback on a proposed interpretation of the low-level radioactive waste disposal regulations in 10 CFR 20.2001 would permit licensees to dispose of waste by transfer to persons who hold specific exemptions for the purpose of disposal, rather than needing the individual disposal requests approved on a case-by-case basis. The NRC would consider approval of requests for specific exemptions for the purpose of disposal if they are for disposal of VLLW by land burial.
