Dear Mr. Jones,

We previously informed you that the U.S. Nuclear Regulatory Commission's 32th Annual Regulatory Information Conference (RIC) was cancelled due to the global health emergency associated with COVID-19.

We wanted to take this opportunity to thank you for your efforts in supporting our session entitled, "Worldwide Advances in Equipment Qualification."

Although the RIC was cancelled, you can find presentations and speaker biographies by navigating to the NRC's official public web site at <https://ric.nrc.gov/agenda>.

On a personal note, we hope that you and your loved ones stay safe during this crisis. We sincerely hope that you enjoy retirement.

Please contact us if you have any questions.

Sincerely,
