Re: DUKE POWER COMPANY, et al. (Catawba  
Nuclear Station, Units 1 and 2),  
Docket Nos. 50-413, 50-414

Gentlemen:

Attached is a copy of Applicants' interrogatories to Robert N. Anderson, the identified expert for Palmetto Alliance and Carolina Environmental Study Group, concerning the diesel generator engine contention. These interrogatories are designed to probe the extent of Mr. Anderson's involvement in Catawba and serve as a follow-up to the line of questioning the Board engaged in during the Conference Call of the Board and parties held July 16, 1984.

Respectfully submitted,

*J. Michael McGarry, III* by
