SUBJECT: Shipment of Spent Fuel: Radioactive Material, Fissile,
N.O.S., UN2918, Highway Route Controlled Quantity

Dear Mr. Rentschler:

This letter is to cancel the spent fuel shipments from MURR to the Idaho National Engineering Laboratory that were described in my letter of January 3, 1992. We do not expect to make any shipments to INEL this year.

I regret the time and effort that you and we have expended without result. However, none of the difficulties impeding the shipments were due to oversights or lack of planning by MURR.

Please call me at 314-882-5205 if you have questions.

Sincerely yours,

Roland A. Hultsch
