Re: Catawba Nuclear Station
Units 1 and 2
Docket Nos. 50-413 and 40-414

Dear Mr. O'Reilly

In my letter of May 4, 1984, a completion date of May 11, 1984 was given for corrective action required by Significant Deficiency No. 413-414/84-07. Corrective action for Unit 2 will not be complete by the May 11, 1984 date. This is due to other Unit 1 fabrications which are receiving higher priorities at this time. Unit 2 work on the subject deficiency will be complete by August 1, 1984.

Very truly yours,

H. B. Tucker

Hal B. Tucker
