

Washington Public Power Supply System

Box 1223 Elma, Washington 98541 (206) 482-4428

May 8, 1984
G03-84-306

Mr. J. B. Martin, Regional Administrator
U. S. Nuclear Regulatory Commission
Office of Inspection and Enforcement - Region V
1450 Maria Lane, Suite 210
Walnut Creek, California 94596

Subject: **NUCLEAR PROJECTS 3 AND 5**
DOCKET NOS. 50-508/50-509
IE BULLETIN 82-01

- References:
- a) NRC IE Bulletin 82-01: "Alteration of Radiographs of Welds in Piping"
 - b) G03-82-432, letter, R. S. Leddick to T. W. Bishop, "Project Nos. 3 and 5, 10CFR50.55e, Potentially Reportable Condition, Artificial Enhancement of Radiographic Film (D/N #41)", dated April 29, 1982
 - c) G05-82-78, letter, R. S. Leddick to R. H. Engelken, "Nuclear Project No. 5, Docket No. 50-509, IE Bulletin 82-01, Rev. 1", dated July 16, 1982.

The subject Bulletin, reference a), states in part that "In the event reactivation of construction or transfer, sale, or other consignment of the subject piping sub-assemblies to another nuclear plant site is contemplated, both the NRC and the recipient permit holder, or licensee, are to be notified of the disposition of said assemblies under provisions of 10CFR Part 21 regulations."

References b) and c) provided the NRC with the final WNP-3/5 report concerning alteration of radiographs of welds in Associated Pipe & Engineering (AP&E) piping assemblies for both WNP-3 and WNP-5. During construction, some transfers of WNP-5 material to WNP-3 were effected in accordance with approved site procedures. There is a possibility that in the dispositioning of WNP-5 assets, WNP-3 may purchase the subject pipe assemblies. The final report, reference b), noted that all radiographs for AP&E piping assemblies were reviewed and dispositions satisfactorily completed.

The Supply System feels that this letter satisfies the notification requirements stated in reference a) for past and future transfers/sales of WNP-5 piping sub-assemblies to WNP-3.

Mr. J. B. Martin
Page Two

The Supply System has committed to and will abide by the notification requirements of reference a) for all other transfers, sales or consignments of the subject piping assemblies.

Please contact me if you have any questions on this information.
