Applicants' Exhibit 60

UNITED STATES OF AMERICA  
NUCLEAR REGULATORY COMMISSION

BEFORE THE ATOMIC SAFETY AND LICENSING BOARD

In the Matter of	)	
	)	
DUKE POWER COMPANY, <u>et al</u>	)	Docket Nos. 50-413
	)	50-414
(Catawba Nuclear Station,	)	
Units 1 and 2)	)	

TESTIMONY OF EDWARD G. MCKENZIE

- Q. State your name and your work address.
- A. My name is Edward G. McKenzie. My work address is Catawba Nuclear Station, P.O. Box 223, Clover, South Carolina, 29710.
- Q. What is your present job with Duke Power Company?
- A. I am currently the Powerhouse Mechanic Supervisor in Reactor Building #2 at the Catawba Nuclear Station.
- Q. Summarize your experience and qualifications.
- A. Prior to starting work for Duke Power Company, I spent approximately 11 years working in jobs associated with welding, such as pipe fitter, welder, welding inspector, and pipe foreman. During this time my employers included the U.S. Army, Petroleum Engineering Co., Yeargen Construction Company, and Daniel Construction Company. In 1977 I was hired by Duke Power Company to work at the Catawba Nuclear Station as a pipe fitter. Approximately one year after this I was promoted to a supervisory position, essentially the

position I now hold. I have attended numerous training courses including courses in welding, safety, QA, and management.

Q. Are you familiar with what is commonly referred to as the welding inspector concerns which were expressed in late 1981/early 1982?

A. No.

Q. Have you ever been involved in a harassment proceeding regarding a welding inspector?

A. Yes, I have been involved in one such proceeding. In 1981 Larry Jackson, a QA welding inspector, filed a harassment charge against me.

Q. What activity gave rise to the incident?

A. Mr. Jackson had questioned the use of a certain grinding disk. Resolution of Mr. Jackson's concerns regarding the grinding disk occurred outside the harassment investigation process. As a result of Mr. Jackson's concern, an NCI was prepared, and the pipe in question was tagged and eventually cut-out and replaced.

Q. Was the harassment charge investigated?

A. Yes.

Q. What was the result of the investigation?

A. After the investigation, it was determined that neither Mr. Jackson nor I conducted ourselves in a professional manner, and we both received counselling regarding this matter.

Q. Did the harassment incident reflect a belief on your part that the Catawba project is not being constructed safely?

A. No.

Q. In your view, has the QA program been effective while you have worked at Catawba?

A. Yes.

Q. Are you aware of any deficiencies in construction or in the QA program which would cause you to question whether Catawba is safely built?

A. No.

I hereby certify that I have read and understand this document, and believe it to be my true, accurate and complete testimony.
