Dear Mr. MacDonald,

The University of Michigan hereby requests approval of a route to be used for transport of spent research reactor fuel. This request is to renew approval we received on January 24, 1990 for a proposed shipment which did not occur. The only change is as recommended in a telephone conversation with R. Rentschler on March 10, 1992. (See proposed items 17-19).

Sincerely,

Ronald L. Fleming
