Subject Docket No. 50-382

Dear Mr. Collins:

Please find enclosed for your review one (1) copy of the Waterford 3 Safety Information Booklet. An advance copy has been sent to Mr. Clyde Wisner of your staff. In addition, copies have been sent to the Director of Nuclear Reactor Regulation and to the Federal Emergency Management Agency.

Your prompt review of this material will be appreciated since we anticipate distribution of the booklet to the public in early March of this year. Any questions you might have should be referred to Ronald Perry of the Louisiana Power & Light staff at (504) 363-8954.

Very truly yours,

K. W. Cook
