Congress of the United States  
House of Representatives  
Washington, D.C. 20515

January 25, 1972

Mr. James R. Schlesinger  
Chairman  
Atomic Energy Commission  
Washington, D.C. 20545

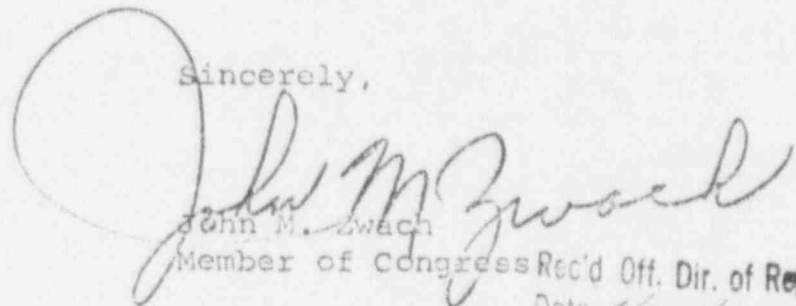

Dear Mr. Chairman:

I am writing in behalf of the Minnesota Pollution Control Agency's request that the environmental impact statement on Northern States Power Company's Monticello Nuclear Generating Plant be considerably accelerated for completion by March or April 1972 and that hearings be held promptly thereafter.

This is a matter of considerable urgency. Whenever questions arise concerning the safe operation of a plant and continued radioactive discharges from the plant is a main concern, I think it is imperative that a thorough and expeditious report be made for the welfare of our citizens.

I strongly urge that all forces necessary to render an early impact statement on the Monticello Nuclear Plant be mobilized.

Sincerely,

  
John M. Zwach  
Member of Congress

cc: Governor Wendell R. Anderson
