Subject: Mississippi Power & Light Company, et al.
Grand Gulf Nuclear Station, Unit 1
Docket No. 50-416 OLA

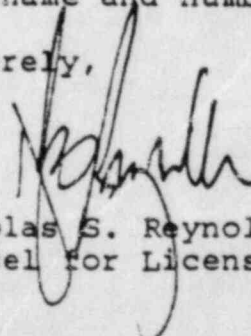

Dear Ms. Stewart:

We are reserving Licensees' Motion for Reconsideration of Memorandum and Order Granting Petitioner Intervenor Status and/or for Referral or Certification of the Question of Whether the Licensing Board Properly Admitted a Moot Contention in This Proceeding, which was originally served upon the parties on May 23, 1984 by Express Mail and on May 24 by hand-delivery. We attempted unsuccessfully to reach both you and Mr. Ken Lawrence in order to get a street address which was needed for us to serve you with a copy of our pleading by Express Mail.

Because we were unable to reach you, we used the only address in our files which has a street name and number on it. We were advised by Federal Express that our package was undeliverable because you apparently have moved. We were unable to obtain a sufficient forwarding address for expedited delivery.

To avoid this problem in the future, please provide us with a full address including a street name and number.

Sincerely,

Nicholas S. Reynolds
