During the period, May 30 through June 1, 1984, TERA IDCVP personnel will visit Bechtel's Ann Arbor Michigan offices to status the Project's response to Confirmed Items and obtain information related to the Standby Electric Power (SEP) System Performance Requirements review. A potential exists for discussion of matters of substance to the disposition of the following Confirmed Items:

- C-109      • C-141      • C-161      • C-172
- C-110      • C-146      • C-162
- C-133      • C-147      • C-163
- C-135      • C-150      • C-165

Should discussions of this nature be necessary, we have made provisions for a meeting by identifying a period of time that these discussions would take place. The status of response to Confirmed Items will be reviewed between TERA and the Midland project representatives during this time period irrespective of whether or not a need is identified to discuss the specific Confirmed Items. In accordance with the IDCVP protocol, the following meeting notice is given.
