Subject: Catawba Nuclear Station
Docket Nos. 50-413, -414
Physical Security Plan, Rev. 29
Safeguards Contingency Plan, Rev. 12
Training and Qualifications Plan, Rev. 15

Gentlemen:

As required by 10 CFR 10.54(p), enclosed are four (4) copies of the Catawba Physical Security Plan (Rev. 29 Additional Pages), Safeguards Contingency Plan (Rev. 12 Additional Pages) and the Training and Qualification Plan (Rev. 15 Additional Pages). The purpose of these additional pages is minor clarifications of the revision submitted December 30, 1991. Primarily, this change results in insertion of additional text regarding the annual security program audit, CAS operator physical requirements and the Volumetric Intrusion Detection System.

These plan revisions do not decrease the effectiveness of the Physical Security, Safeguards Contingency Plan or Training and Qualification Plan.

Since this information provides details of the physical protection system at Catawba Nuclear Station, I request that this information be withheld from public disclosure in accordance with 10 CFR 73.21.
