Dear Mr. Jonnson:

We are transmitting herein revisions to several emergency preparedness related documents. The changes affect the following document binders:

Station RERP Implementing Procedures  
Radiological Emergency Response Plan - Plant

In the Station RERP Implementing Procedures, the general format for procedures with worksheets is to file the procedure body under the tab marked with the procedure title, and the worksheets under the tab marked "Attachments," which immediately follows the procedure tab. The following procedures are being transmitted for filing in the Station RERP Implementing Procedures.

RERP-MET, Issue 3  
RERP-PCC, Issue 13  
RERP CR-UE, Deleted  
RERP CR-ALERT, Deleted  
RERP CR, Issue 1  
RERP PHONE LISTS, Issue 22  
RERP-HOME, Issue 10

The following procedures are to be filed in RERP-Plant Procedures.

Section 7, Issue 5  
Section 10.B, Issue 4

If there is confusion as to which issue is most recent whenever multiple copies are received in a short period of time, the highest issue number is always the most recent issue of a given procedure.
