EDWIN I. HATCH NUCLEAR PLANT UNIT 1  
RETRACTION OF EMERGENCY TECHNICAL SPECIFICATION REQUEST

Gentlemen:

By letter of May 25, 1984, Georgia Power Company requested a one-time change to the Hatch Unit 1 Technical Specifications to extend the surveillance interval for performance of air tests of the drywell and torus containment spray headers. Since the time of this request, an unplanned outage has occurred which has allowed the subject surveillance to be successfully completed.

We hereby withdraw our request of May 25, 1984. Thank you for your efforts regarding our emergency request.

Very truly yours,

*L. T. Gucwa*
