dated December 5, 1991 (LIC-91-281L)

Gentlemen:

SUBJECT: Comprehensive Licensed Operator (LO) Medical Examination Procedure

In Licensee Event Report 91-026 dated December 5, 1991 (Reference 2), Omaha Public Power District (OPPD) committed to develop a comprehensive LO medical examination procedure to consolidate various department responsibilities into a single document by January 31, 1992.

OPPD has completed drafting a new Standing Order (SO) which will accomplish the subject objective. The SO involves input and actions by several departments which will require review prior to approval. When the commitment date was submitted in the Reference 2 document, OPPD didn't anticipate the extensive reviews which would be required. To complete the necessary reviews prior to approval, OPPD requests that the Reference 2 commitment date be changed to March 6, 1992. Mr. P. H. Harrell of the NRC agreed with the extension in a telephone call on January 31, 1992 with Mr. R. W. Short of OPPD.

If you should have any questions, please contact me.

Sincerely,

W. G. Gates
