MEMORANDUM FOR: Edward L. Jordan
Director
Division of Emergency Preparedness
and Engineering Response
Office of Inspection and Enforcement
U.S. Nuclear Regulatory Commission

FROM: *Richard W. Krimm*
Richard W. Krimm
Assistant Associate Director
Office of Natural and Technological
Hazards Programs

SUBJECT: Small-scale participation by State and Local Governments
in the Annual Radiological Emergency Preparedness Exercise
for the Hatch Nuclear Power Facility

The Hatch Nuclear Power Facility is scheduled for an annual joint exercise on August 2, 1984. Attached are letter's dated January 23, 1984, and March 19, 1984, from the State of Georgia. They advise the Federal Emergency Management Agency (FEMA) Region IV of Georgia's decision for the State and local governments in the plume emergency planning zone for Hatch to limit their participation to a small-scale exercise on August 2, 1984. Also attached is a memorandum from FEMA Region IV dated March 26, 1984, concurring with the State's decision.

The last full-participation exercise at Hatch was held October 13, 1983. The results of that exercise did not necessitate any requirement for a remedial exercise. Deficiencies identified have been corrected or are scheduled to be corrected. Therefore, in accordance with 44 CFR 350.9, the State of Georgia and Appling, Jeff Davis, Toombs, and Tattnall Counties are not required to participate in the August 2, 1984, exercise.

We have advised FEMA Region IV that the State of Georgia and the local governments within the 10-mile Emergency Planning Zone for the Hatch Nuclear Facility are eligible to go to a biennial exercise frequency in accordance with 44 CFR 350.9, and could be excused from participation in the annual exercise scheduled for August 2, 1984. However, FEMA supports the State's decision to exercise on a small-scale basis in accordance with the requirements of 10 CFR 50, Appendix E, Section IV.F.3.

At the State's request, FEMA Region IV will informally observe and evaluate the offsite emergency response performance during the exercise. A meeting involving the exercise participants and Federal observers will be conducted after the exercise to informally discuss the results of the exercise. Accordingly, an official FEMA Region IV report evaluating the exercise will not be prepared.

MEMORANDUM FOR: RICHARD W. KRIMM, ASST. ASSOCIATE DIRECTOR,
OFFICE OF NATURAL AND TECHNOLOGICAL HAZARDS SL-NT

FROM:

A handwritten signature in dark ink, appearing to read "Glenn C. Woodard, Jr.", is written over the "FROM:" label and extends into the "SUBJECT:" line.

Glenn C. Woodard, Jr., Chief
Natural and Technological Hazards Division - RIV

SUBJECT:

1984 Small Scale Exercise for Plant Hatch, Georgia

Enclosed are two letters from the Georgia Emergency Management Agency requesting they be allowed to exercise their option under 44-CFR-350 not to exercise full scale this year. Georgia does plan to exercise small scale, and they have requested that we informally evaluate. We, in Region IV, support these requests.

If additional information is needed, Doug Hoell is our staff member assigned to Georgia, and can be contacted at FTS 257-7096.

Dear Mr. Woodard:

Reference my letter of 23 January 1984 concerning a small-scale exercise at Plant Hatch, this additional information is provided. Georgia intends to participate, with the Georgia Power Company and affected local governments in the Plant Hatch area, in a small-scale exercise on 2 August 1984.

We wish to exercise our option for the small-scale exercise as provided in 44 CFR 350. All affected local areas, and the state, participated in a full-scale exercise in October 1983.

If further information is required, please call.

Sincerely,

Billy J. Clack

Dear Mr. Woodard:

This letter will inform you that the state and affected local organizations will participate in a small-scale exercise in support of the Georgia Power Company in the Plant Hatch area on 2 August 1984. General areas to be addressed in a small-scale exercise are defined in CFR Title 10, Part 50, Appendix E.

If you need further information, please call.

Sincerely,

BILLY J. CLACK
