NUCLEAR LICENSING & SAFETY DEPARTMENT

U. S. Nuclear Regulatory Commission
Office of Nuclear Reactor Regulation
Washington, D. C. 20555

Attention: Mr. Harold R. Denton, Director

Dear Mr. Denton:

SUBJECT: Grand Gulf Nuclear Station
Unit 1
Docket No. 50-416
License No. NPF-13
File: 0260/L-860.0
Withdrawal of a Proposed Change
to the Grand Gulf Technical
Specifications
AECM-84/0317

The Mississippi Power & Light Company (MP&L) letter, AECM-83/0565, dated September 9, 1983, transmitted certain proposed changes to the Grand Gulf Nuclear Station Technical Specifications.

Since that time we have identified an additional change (TSPS No. 006), that when proposed will eliminate the necessity for one of our previously proposed changes. Therefore, this letter requests withdrawal of Item 30 of AECM-83/0565 from further NRC review.

The proposed change involving TSPS No. 006 will be formally submitted consistent with our schedule for submittal of other changes resulting from the review program.

Yours truly,

S. H. Hobbs
Manager of Nuclear Safety
and Compliance
