SUBJECT: Emergency Medical Assistance Program

Dear Ms. Kankus,

This confirms an agreement between Radiation Management Corporation (RMC) and Philadelphia Electric Company, wherein RMC agrees to furnish certain services to nuclear generating stations operated by Philadelphia Electric Company. These services comprise a program that is identified by RMC as an Emergency Medical Assistance Program (EMAP). With regard to Limerick Nuclear Generating Station, the EMAP contains the following provisions:

1. Semi-annual inventories of plant and hospital equipment and supplies for use in handling radiation accident victims; one of these inventories will be in conjunction with (6.) below, and review of the hospitals' procedural manual;
2. Twenty-four-hour-per-day availability of expert consultation on management of radiation accidents;
3. Availability of Bioassay Laboratory for evaluation of radiation accidents;
4. Twenty-four-hour-per-day access to a Radiation Emergency Medical Team consisting of a physician, certified health physicist, and technicians with portable instrumentation to location of accident victim;
5. Availability and access to a medical center equipped for the definitive evaluation and treatment of radiation injuries;
6. Annual training for the plant, ambulance and hospital personnel who may be directly or indirectly involved in the execution of the radiation medical emergency program;

7. Preparation of an "accident" scenario for use as a training aid in a radiation medical emergency drill or scenario developed by the plant;
8. Coordination of a radiation medical emergency drill based on the scenario; umpired, videotaped and critiqued by RMC;
9. Submission of two Drill Evaluation Reports; one relating to the observations made at the station, and another relating to observations made at the hospital; and
10. Participation in an annual one-day seminar in Philadelphia on the management of radiation accidents for physicians. Each plant site may send one person, and each utility company may send one person.

Accident Response

Consultation and laboratory services by RMC personnel are at no charge, except incremental costs associated with consultative activities, such as travel, lodging, collection and transportation of samples, and other related expenses.
