Replacement and Requalification  
Training Program - Generic Letter 84-14

Gentlemen:

This letter is an acknowledgement to your letter (ØCNAØ58417), dated May 11, 1984, which requested that the next annual FSAR update include the details or a description of our operator replacement and requalification training program. The next FSAR update, which is due to the NRC by July 22, 1984, has already been sent to the printer. Therefore, this issue will be addressed in the 1984-85 FSAR update which will be submitted July 22, 1985.

Very truly yours,

John R. Marshall  
Manager, Licensing
