QA FILE: CP-84-13, SDAR-137  
FILE NO.: 10110

Dear Mr. Johnson,

On June 4, 1984 we verbally contacted your Mr. D. Hunnicutt of a deficiency regarding an inconsistency in the draft Technical Specification and the FSAR accident analysis.

We have completed our investigation and concluded that the matter is not reportable under 10CFR50.55(e). Records supporting this determination are available for your inspector's review at the CPSES site.

Very truly yours,
