MONTHLY OPERATING REPORT

Dear Mr. DeYoung:

Upon further review of the Monthly Operating Report dated June 1, 1984, it has been determined that outage number 84-038 best meets the NUREG-0020 definition of a scheduled outage rather than that of a forced outage as reported.

Enclosed for your file are the corrected pages for the May 1984 report.

Very truly yours,

C. R. Dietz
